

Dear Parents/Carers

As I am sure you are aware, as well as being an enjoyable pastime, reading impacts hugely on a child's general learning ability and their writing. As such, we encourage children to read both at school and at home as much as possible.

To assist with the difficult task of choosing a new book, we have put together recommended reading lists for each year group across the school. One list is a recommended list of the 50 best books for your child's age range, and the second shows a range of books linked to the topics your child/ren will be learning at school. Why not pop down to the School or Local Library to see which of these titles they have?

Whilst the children have access to a variety of books within their classrooms and the Libraries, we are aware of the fact that not all of the titles will be available at school. We work with the Schools Library service who provide a different range of books each term, and when we do purchase new books we will ensure we choose from the book lists provided. Children are also encouraged to bring in their own books from home.

You will notice that this is not an exhaustive list, but offers a cross-section of books suitable to your child's year group.

Happy reading!
