

Scott Primary School - Reception Topic Overview.

Term:	Topic:	Overview:
Autumn 1:	'Knock, Knock'	The children will be learning about themselves, their families and each other. We will talk about feelings and behaviours and will be forming friendships with children in our class and with the other children in Reception.
Autumn 2:	'Autumn to Winter'	During this topic, we will explore the different seasons. We will learn about and celebrate Diwali, Bonfire night and Christmas. The children will take part in experiments such as 'freezing and melting'. The children will be practicing for our Christmas Production as well as making Christmas decorations and cards.
Spring 1:	'On the Bookshelf'	We will be learning all about books during this topic. We will talk about and discuss books and learn about the key components of books. We will look at fiction and non-fiction books and will base our learning around a 'Book of the week'
Spring 2:	'Space'	Prepare for our trip to outer space! During this topic, we will take on the role of astronauts and investigate space! We will talk about planets, decide what we would need to take to space and we may even receive a letter from an astronaut asking us for some help with a secret mission!
Summer 1:	'Our World'	We take a trip around the world during this topic. We will learn about different countries and their traditions. We will try new foods and may even learn a new language!
Summer 2:	'The Sea'	Ahoy there! During this topic, we will learn about different transport at the seaside, seaside traditions and holidays. We will explore different sea creatures and their habitats. Prepare to get wet!
