

Year 4  
Summer Term  
Curriculum Newsletter

### Maths

This term we will be focusing on shape and space including area, perimeter, angles and 2D shapes. We will also continue to practise the four operations and gain speed and confidence when working mentally.

### English

We will be looking at stories set in historical settings, instructions, information texts and writing speeches for debates. We will continue to develop our redrafting and proofreading skills.

### Science

In Science, we are going to be learning about how sounds are made, how they travel and the ear. We will then look at teeth and the digestive system.

### Computing

To link with our learning on sound, we will become musicians using a new program to edit our own compositions. This will link with our learning in Music. Following this, we will be becoming HTML editors.

### History and Geography

This term we will be studying the Celts and the Roman invasion. We will find what life was like in Celtic Britain and compare this to Roman Britain. We will think about how people find out about the past through using a range of sources and archaeology.

### Art and DT

In Art, we will be developing our drawing skills and creating mosaics out of clay. In DT, we will be using our knowledge of shape to create stable structures.

### RE

This term in RE we will be finding out what it means to be a Jew. In this topic, we will be learning about the Jewish way of life and comparing it to other religions.

### PE

This term we will be creating our own dance. We will then be playing net and ball games. Finally, we shall be developing our athletic skills ready for Sports Day.

### PSHCE

Our first topic will be Relationships and then following this we will be thinking about Changes ready for the transition to Year 5.

# The Invaders are Coming!
