

Rainforest Adventure

Take Home Task 2

Our topic this term is Rainforest Adventure.

The take home task needs to be completed by everyone and will be due on **6th July**. As with other tasks, there will be an opportunity to view the tasks at the end of the day. Our take home task exhibition will be in the hall and available to view once your child has been picked up from the playground at 3.15pm.

Please choose from one of the following tasks to complete:

Task One

Design a rainforest animal. It might be a totally new animal or a cross between existing animals. E.g. sloth and jaguar. Think about its diet, habitat, appearance and whether it has any predators. Present your information as a fact file, 3D model, artwork with key facts or however else you would like to.

Task Two

Choose one of the languages spoken in a rainforest area and learn some key phrases and words. For example, Portuguese (Amazon Rainforest, Brazil) or French (Congo Basin, Democratic Republic of Congo). Create a language guide to show what you have learnt. It would be really great if you are also able to teach the class some of the phrases you have learnt!
