

## Message from Mrs Barker

A huge welcome back to everyone and a very warm welcome to our new Caterpillar children. I have been so impressed with how well you have settled into Nursery.

I cannot believe what an exciting start we have had to the new term! Thanks to a visit from Ehsan and Isa's Mum, we all learnt about the celebrations and customs associated with Eid.

The children in Byrd Class performed fantastically in their class assembly and I am sure you will all agree that their knowledge of Ancient Egypt was extremely impressive.

The children in Year 5 had an enjoyable visit to The Space Centre this week to kick start their topic about space. A huge thank you to those parents who came along to help with the visit.

I hope that you have found the online Zoom Curriculum Meetings useful and informative this week. There are a few more meetings next week too. We decided to hold these virtually in response to your feedback so hopefully this means that you were able to access the meetings from wherever you were at the time. Curriculum newsletters will be sent home following the meetings so all parents are able to see what the children will be learning this term.

Wishing you all an enjoyable Bank Holiday weekend.

# DIARY DATES

## Summer Fayre / Scott Fest

Sunday, July 2nd, from 1pm to 3.30pm.

We have a live band and are looking for external stall holders - £15 & you will need public liability insurance.

We are also looking for funfair-type attractions and food stalls - please email for more information as the cost is variable depending on your offering.

**Thank you for all offers of help and we will reply asap.  
If anyone else can help at any events, please email  
[office@scottprimary.co.uk](mailto:office@scottprimary.co.uk)**

# **In Science, Fiennes have been learning about the functions of the flower and how they reproduce.**

**Year 5 visited the National space Centre in Leicester. We were very lucky to watch a show in the Planetarium and travel through space. We explored the museum and took part in activities such as working out different smells in space. We had a fantastic day and the children were a credit.**

# Grylls Art Day

We looked at sculptures and the style of Picasso and abstract, realism and surrealism art. We picked a Picasso picture so we could create our own using different eye, mouth and nose shapes. We traced over our designs and mirror imaged it by flipping over the tracing paper. **Take a look at some of our amazing art work.**

**Year 6 worked brilliantly during their DT day. They created their own automata toys in pairs, which involved measuring, sawing, assembling and including working cams.**
