

Scott Primary School: E-Safety Skills and Knowledge Organiser

Year One:

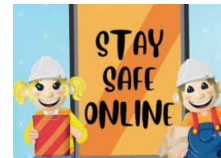

Key Vocabulary:

* Communicate, connect, connection, consoles, devices, digital footprint, emotion, feelings, instructions, internet, internet safety, laptop, mood, online, personal information, phone, posting, respect, sharing, smartphone, smart TV, Smartwatch, strangers, tablet, trust, wired, wireless.

Key Skills– by the end of the Year:

- Recognising devices that are connected to the internet
- Understanding that we are connected to others when using the internet
- Understanding some of the ways we can use the internet
- When using the internet to search for images, learning what to do if we come across something that makes us feel worried or uncomfortable
- Understanding how to interact safely with others online
- Recognising how our actions on the internet can affect others
- Recognising what a digital footprint is and how we need to be careful about posting online.

Previous Knowledge:

- Keeping safe in person and online
- Who you can trust
- What to do if you are worried about something you see online
- School E-safety rules—why they are there and how to follow them.

Key Knowledge – by the end of the Year:

- To know that the internet is many devices connected to one another.
- To know what to do if you feel unsafe or worried online—tell a trusted adult.
- To know that people you do not know on the internet (online) are strangers and are not always who they say they are.
- To know that to stay safe online it is important to keep personal information safe.
- To know that 'Sharing' online means giving something specific to someone else via the internet and 'posting' online means placing information on the internet.
